

CALIBRASKA ARTS INITIATIVE

POP-UP ADVENTURE PLAYGROUND

This unique offering is self contained, low tech, requires little to no supplies, works for any age group, any space and is loads of fun!!

What is a pop-up Adventure Playground? A Pop-up adventure playground is a temporary space for individuals to play in an authentic and self-directed way. They offer access to time, permission, and “loose parts” such as boxes, fabric, tape, and recyclables under the purview of playworkers who understand how to support but not direct the play.

Pop-Ups can happen anywhere! In schools, street fairs, community centers and public parks...our team of playworkers can come to your community. You provide the space, and we

provide playworkers and loose parts so your players young and old can create to their hearts' delight.

Each Pop-up is entirely unique and self-directed by the participants and therefore accommodates every group size, age range, ability, site, and more. They are adaptable to just about any surrounding and weather as well! Our Pop-ups have ranged in size from 10 to 400 players and ages ranging from diapers to adults and sometimes everything in between!

POP-UP SPECS The best pop-ups are a minimum of 2 hours long, however they can accommodate rotating groups over any length of time. The load in and set up of the space takes about an hour. Since the pop-ups can adjust to any site we also recommend a site visit in advance so our playworkers can plan to bring the best loose parts for the space. This also gives us a chance to connect with you and learn about the group and share any questions, ideas, or needs you may have.

COSTS Costs vary with size of group, length of pop-up and travel. Typically a 2 hour pop-up, for around 30 players, within the Lincoln area, costs around \$400. Longer or recurring pop-ups allow us to make more accommodations but we will work with you to customize a quote and schedule to best fit your needs!
